

TRANSMEET

INTERSECTIONS BETWEEN SCIENCE AND ART

Dear guest,

The TRANSMEET Science & Art Festival, a first of its kind in Israel, is launching its first and international edition as an online event.

Israeli scientists and artists, alongside leading professionals from around the world, will demonstrate the fascinating encounter between art and science and will include live performances, in-process research demonstrations, lectures, workshops, panels and more.

Therefore, it is with great pleasure that we invite you to enjoy the **TRANSMEET International Art & Science Live Online Festival**, Thursday-Friday November 19-20.2020

It will be our honor to see you joining this innovative event, while taking a step into the future, and experiencing a new nexus between art and science.

Sincerely yours,

Steering team and curators:

Sharona Florsheim- Choreographer and artistic director.

Tal Yizrael -Artist, curator and educator.

Prof. Tomer Volansky, Tel Aviv University.
